## HubSpot product updates: Hot off the shelf 🔥

### 🚀 New dashboard feature alert: Quick Filter Groups

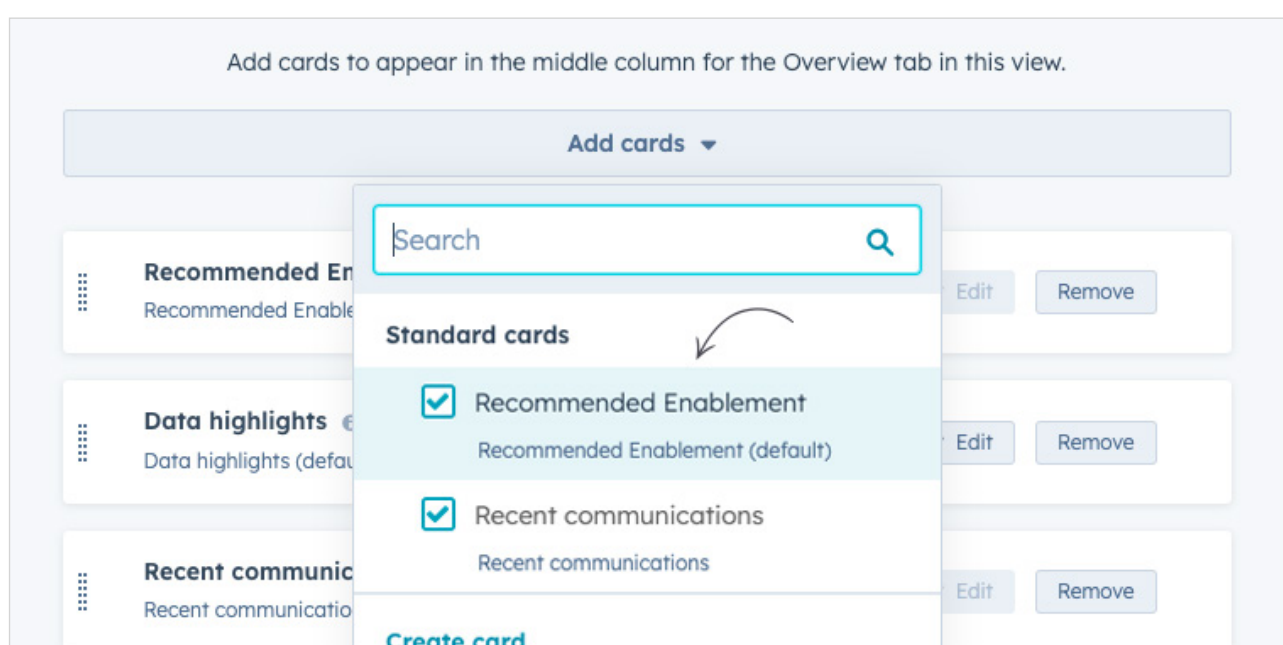

The recent rollout of the Quick Filters feature allows you to pin relevant properties to the top of dashboards.

With this update, you can easily create and manage distinct and multiple filter groups for efficient reporting without diving into complex data structures- giving you quicker access to relevant information, providing a smoother and tailored experience for extracting insights.

Available for all hubs and tiers.

### 📖 Playbook precision: Introducing Enablement CRM Card!

Unlocking the ideal Playbook in the nick of time is like nailing the sweet spot for your sales and service teams — a total game-changer for peak efficiency and success.

Now you can access essential Playbooks right at the front and center of your CRM record pages. For admins, this means enhancing your control over CRM customization, and as for Sales and Service teams- lightning-fast access to Playbooks, translates to quicker decision-making and smoother task execution.

Available for Sales Enterprise, Sales Pro, Service Enterprise, and Service Pro users.

## The love we get from our customers 🥰👍

(Disclaimer: These client reviews are known to cause sudden bursts of happiness)

### "A Project Managers Dream Team!"

The team at RevX provide Incredible communication, they are reliable, timely and able to meet the demands in a busy agency setting. RevX has replaced our HubSpot specialist. They provide a wide variety of services within HubSpot but also have helped my team with different development issues on other platforms.

— Alissa Padgett, The Spot On Agency

As you settle into the holiday season, take a moment to realign your strategies, and stay tuned for our upcoming RevOps & MOps-ventures!

Until then,  
Yours truly!
